WHEREAS, the City is situated adjacent to the Pacific Ocean and during regular beach clean-ups, expanded polystyrene products are found and discarded; and

WHEREAS, items made from expanded polystyrene are not biodegradable, compostable, or recyclable locally and expanded polystyrene as litter is highly durable; and

WHEREAS, expanded polystyrene breaks into small, lightweight pieces that may be picked up by the wind even when it has been disposed of properly, and flow or be flown into creeks and the Pacific Ocean, contributing to water quality and habitat protection concerns; and

WHEREAS, marine animals and birds often confuse expanded polystyrene with pieces of food, and when ingested, it can impact their digestive tracts, often leading to death; and
