APPEALS

If you are dissatisfied with an approval or denial of a project, you have the right to appeal this decision to the City Council up to 10 calendar days after the date of action. Pursuant to Government Code §65009, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the Commission, at, or prior to, the public hearing. The appeal form is available at the Community Development Department and on the City's web site. If legitimate coastal resource issues related to our Local Coastal Program are raised in the appeal, there is no fee if the subject property is located within the Coastal Appeal Area. If the property is located outside the Coastal Appeal Area, the fee is \$263 flat fee. If a fee is required, the appeal will not be considered complete if the fee is not paid. If the City decides in the appellant's favor then the fee will be refunded.

City Council decisions may also be appealed to the California Coastal Commission pursuant to the Coastal Act Section 30603 for those projects that are in their appeals jurisdiction. Exhaustion of appeals at the City is required prior to appealing the matter to the California Coastal Commission. The appeal to the City Council must be made to the City and the appeal to the California Coastal Commission must be made directly to the California Coastal Commission Office. These regulations provide the California Coastal Commission 10 working days following the expiration of the City appeal period to appeal the decision. This means that no construction permit shall be issued until both the City and Coastal Commission appeal period have expired without an appeal being filed. The Coastal Commission's Santa Cruz Office at (831) 427-4863 may be contacted for further information on appeal procedures.

MEMORANDUM (ITEM C-1)

To: Planning Commission of the City of Morro Bay
From: Scot Graham, Community Development Manager
Date: PC meeting of April 5, 2016
Subject: Review of outreach options for engaging the public for discussion on City policies related to RV/Boat parking, Hedge heights, and Trashcan screening.

The City Council reviewed the City's code enforcement program on March 22, 2016. The Staff report for that meeting can be found in the Council agenda as Item C-1 at the following link: <http://www.morrobayca.gov/ArchiveCenter/ViewFile/Item/2741>. A portion of the review focused on the City's current policies related to RV and Boat Storage, Hedge Height and Trashcan screening requirements.

In January of 2016 the Code Enforcement (CE) Officers started a focused 3-month outreach and education effort that included the preparation and dissemination of informational handouts related to the top ten code enforcement issues. The top ten list of code violations includes the following:

1. Water use
2. Improper Parking of RV's and Boats
3. Fences & Hedges
4. Garbage Can Placement
5. Signs
6. Storage of Inoperable Vehicles
7. Storage/accumulation of Junk and Debris
8. Illegal Camping
9. Shrubbery and sight distance issues
10. Illegal placement of improvements in the right of way

The CE Officers focused their initial outreach efforts on item 2 above, Improper Parking of RV's and Boats. Staff sent out flyers that identified where RV's and Boats can and cannot be stored. Once the flyers were prepared the CE Officers started canvassing city neighborhoods for potential violations. As of February 24, 2016 the CE Officers had covered approximately three quarters of the City for Boat and RV storage violations, resulting in the dissemination of 97 flyers. CE Officers received 47 responses to the 97 flyers. Most of the respondents were unhappy that the City's Zoning Ordinance does not allow for RV/Boat parking within front and street side yard setbacks.

Council Direction

The Council discussed RV/Boat Parking, Hedge height and Trashcan screening requirements at the meeting. Ultimately, the Council directed staff review these specific items with the Planning Commission, include significant input from the public and return with recommendations for altering the City's Municipal Code if changes are warranted.

Outreach Options

This item is before the Planning Commission to develop a public outreach strategy to achieve the direction provided by the Council. Potential outreach options may include the following:

- Direct mailers
- City webpage dedicated to the subject
- Facebook posts
- Online or Phone Surveys
- Public Workshop
- Informational table at City Farmers Markets

City Staff was able to collect contact information from several citizens who attended the March 22, 2016 Council meeting and additional contact information has trickled in via email since the meeting. The citizens who spoke at the Council meeting were largely in favor of allowing some type of Boat and RV parking on private property. Many of the speakers likely received City flyers from our CE Officers.

Any outreach effort should be geared to reach a wide cross section of Morro Bay citizens in order to make sure we are obtaining representative input and to support whatever recommendations are developed by the Planning Commission as part of this effort.

Recommendation: Review the staff memo, Council Staff report from March 22, 2016, discuss outreach options and provide direction to staff.
