I see you are conferencing with grandma's yogurt (CS-4) and I would like for you to request that they reopen the public restroom since I was told previously that having it open(pre covid) was part of the "special deal" they got on their lease. The other public restrooms are open so there is no excuse to not reopen that one Badly needed in the heart of downtown. Also how much longer does Frankie Ciano get his " special deal" leasing in a " visitor serving area"? I have nothing against him personally. Thank you, Patti Anderson
