**Re: Case No. CUP21-12/CDP21-035/VAR21-003**  
**Site Location: 101 Fig St, Morro Bay, CA**

As a board member and historian for the Historical Society of Morro Bay I obviously have a vested interest in some aspects of this project. I have, however reviewed this application and I believe that, even without my self-interest, I would support it.

I have been aware of the Morgan's plans for some time. I know that a large amount of effort by many people has gone into the project. I am pleased from a historic perspective at the results as presented in this application. I believe that this construction would improve not diminish that area of the Embarcadero.

I support approval of this application.
